NEWSPAPER LAW.

1. Subscribers who do not give express notice to the contrary are considered as wishing to continue their subscription.
2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrears are paid.
3. If subscribers neglect or refuse to take their periodicals from the office to which they are directed, they are held responsible till they have settled their bill and ordered their paper discontinued.
4. If subscribers move to other places without informing the publisher, and the paper is sent to the former direction, they are held responsible.
5. The courts have decided that refusing to take periodicals from the office, or removing and leaving them uncollected for, is prima facie evidence of intentional fraud.
6. Any person who receives a newspaper and makes use of it, whether he has subscribed for it or not, is held in law as a subscriber.
7. The Postmaster who neglects to give the legal notice of the neglect of a person to take from the office the newspaper addressed to him is liable to the publisher for the subscription price.

A REGULAR GOLD MINE.

How a Justice of the Peace Muled Bicycle Riders.

"There's a justice of the peace in a country town not far from here," said a bicyclist to a Buffalo Express man recently, "who has a scheme that will make him a millionaire if he sticks to it for a year or two.

"You see the town has an ordinance forbidding bicycle riding on the sidewalks. A good many wheelmen go that way, so what does this justice do but scoop out a hole and make a great big mud puddle clear across the street right in front of his office. Of course, when a wheelman comes along, rather than ride through the mud, he turns upon the sidewalk. That's what the justice is waiting for. He has a constable on the watch, and the two rush out and nab the cyclist. "I was caught in the snare one week. Though I protested I only intended to keep on

the walk till I passed the mud, it was of no avail. I was fined five dollars and had to pay it. I got a chance to look at his book when he recorded my fine and there was a record of some twenty wheelmen who had served the same way that day, and it was still early in the afternoon. "It made me mad, and I began abusing the old fellow for having such a mud-puddle in the street. "Why don't you fill it up?" I asked, if you want wheelmen to keep in the road?" "He grinned in a most exasperating manner, and answered without so much as a blush: "Spose we're goin' to destroy such a source of revenue as that mudpuddle is? I guess not. John, you better take the hose and soften it up a little bit ready for the next sucker."

The Horse Knew Sunday.

A Dexter (Me.) man has a mare that knows several things, and, among other accomplishments apparently can tell the day of the

week. On a recent Sunday the gentleman hitched up, and, having assisted his wife into the carriage, got in himself. He was busied for a moment in arranging the robe, and before he had taken up the reins the horse started out of the yard into the street. His purpose was to attend church, and, as the horse took that direction, he decided to let her go without guiding, to see what she would do. The route is altogether different from that taken in the week-day driving. He left the reins hanging over the dasher, but, nevertheless, was carried as straight to the church as he would have gone if he had turned the horse. Without a word when the mare had turned up to the church door and the carriage was in position at the steps, the mare stopped for his master to alight.

DO YOU
WANT
ONE

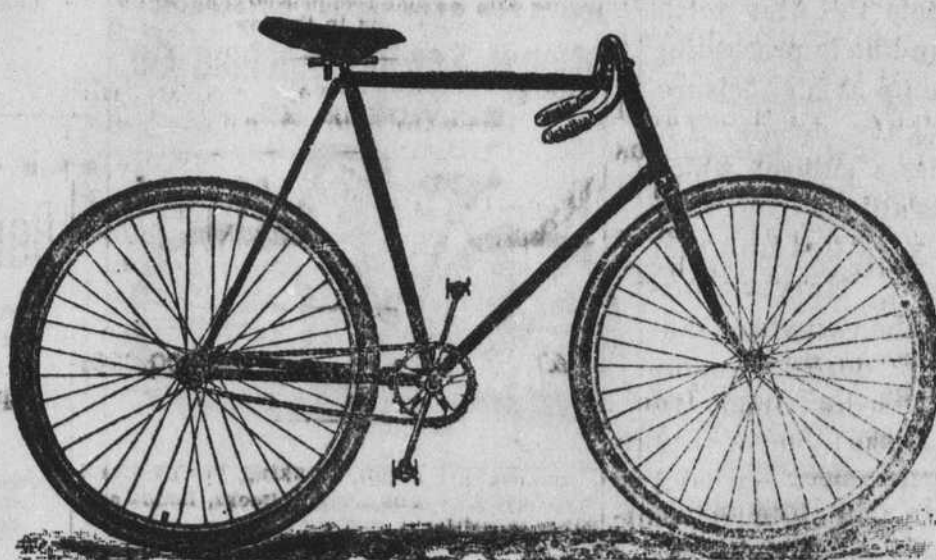

BOYS
&
GIRLS

A KING
OF CY-
CLES

HERE IS THE CHANCE OF YOUR LIFETIME

To Secure a \$100 Monarch Bicycle Absolutely Free.

READ ABOUT HOW TO GET IT.

WE want One Hundred new subscribers to the LYON COUNTY TIMES, and we want you to get them for us. The Bicycle is to be the reward of the boy or girl who sends in the most names. The contest stops as soon as we receive the One Hundred paid up yearly subscribers to the paper.

The subscription price of the TIMES is Three Dollars a year, but to arrange matters so that all who contest for the Cycle may make something, we will allow contestants Fifty Cents on each subscription. In other words, you collect Three Dollars from the person who subscribes; keep Fifty Cents, and send the other Two Dollars and Fifty Cents to us by Wells, Fargo & Co. or Postoffice Money Order.

This is the most liberal offer that we have ever seen a little weekly paper make. The Cycle will doubtless be sought by a great number, and it may be won by a boy or girl who sends in only eight or ten names, as the contest positively closes when we receive the One Hundred yearly subscribers. So you see it will be necessary for you to hustle.

The contest is not open to any person outside of the State of Nevada. We hope to see the Wheel won by some one of the bright boys and girls in Lyon County. The bicycle craze is afloat in Virginia City and Carson, and some energetic youth in one of those places may be the winner.

Each week we will publish a list of subscriptions received by us during the week, and the names of those sending them.

SOMETHING ABOUT THE MACHINE.

THE "Monarch" is one of the few High Grade Wheels manufactured in this country. It is manufactured in Chicago by the Monarch Cycle Company, and was awarded the highest honors at the World's Columbian Exposition. It is a superior machine in every respect, and one that any boy or girl would be proud to own. Superior workmanship and material are used in their construction, they are light weight, and are fully warranted. For a two-cent stamp you can get a catalogue by addressing the Monarch Cycle Company, 42-52 North Halsted Street, Chicago, Ill.
